We at ELECTRIE have emerged with a simple vision - To provide high-end Electric Vehicles which would meet the increasing demand of industries and customers in the best possible way. ELECTRIE is a brand unit of One Auto Pvt. Ltd., The company is a part of the multi-diversified Misra Group, which has large interests in Mining, Steel, Infrastructure and allied businesses.

In line with the Government of India's vision for "Make in India" & "Green Ride Campaign" towards introducing smart transportation & environment friendly vehicles, ELECTRIE has attained a remarkable position by setting up a manufacturing unit and marketing network of electric vehicles.

An active Member of Society of Manufacturers of Electric Vehicles (SMEV), we have introduced Indian made E-Rickshaws under ARAI certification, Pune. Our manufacturing facility is located at Pune which is fully equipped with a semi-automatic assembly line, under the supervision of our strong R&D team of high skilled design Engineers, absorbed from various leading Automobiles Industries of India. Our assembly facilities at West Bengal and New Delhi caters to the market demand for Eastern and Northern part of India.

We have aggressive and experienced Sales and Marketing teams, which provide superior Sales, Service and Spares support on Pan India basis through our network of offices and channel business partners.

With our focus towards customer satisfaction and constant improvisation in technology, our products are designed with various innovative features, which has set a new benchmark in the Electric Vehicles Industry. We propose to introduce our infrastructure network of charging stations & under our future development plan, build hybrid, electric Autorickshaw & 2 wheelers.
